MEMORANDUM FOR: Director of Logistics

FROM:

Chief, Plans and Programs Staff, OL

SUBJECT: Review of SSCI Redraft of Title I of
Charter Legislation

REFERENCE: a. Multiple Adse Memo dtd 19 Jan fr
Associate Director-Management, NFAC,
same subject (NFAC-241-78) (OL 8-0287)
b. Memo dtd 7 Dec 77 fr D/L to A-DDA,
same subject (OL 7-5445a)

1. Reference b memorandum dealt with a general assessment of Titles I, II and IV. The redraft of Title I, National Intelligence, has again been reviewed and our concerns, although minor, are indicated below:

a. Section 108 - Authorities and Duties of the
Director

In subsection (k), the term "service" should be clarified. As written, it could overburden and render ineffective our logistics capability.

b. Section 118 - Restrictions on the Covert
Furnishing of Military Assistance

Subsection (b), which defines the term "Military Assistance," reflects none of the statutory provisions of the Military Assistance Act. Our proposed regulation on Accommodation Procurement as sanctioned by the EAG should be considered in revising this subsection. The turning over of excess materiel to a foreign power is a viable method of property disposal, and Section 118 is unduly restrictive in this regard.

Legislation

2. In connection with Section 125(b), the extent to which records will be maintained in the Office of the Federal Register presents a degree of concern. Perhaps the parameters should be defined in greater detail.

3. Other portions of the proposed legislation would not adversely affect our ability to perform the Agency's logistics mission.
